10 Hours of wedding day photography

You decide when we show up and when we leave. We always want to capture the details of your day from beginning to end, so if we need to spend a little more time with you on your day, we won't count it against you!

A digitally designed 12x12 flush mount album (15 spreads, 30 sides)

After you have seen your images, you have the choice to either create a list of pictures you want us to pull from, or leave it up to us. You will have a hand in creating the layout of your album, it will be as unique as you want it to be!

2 Parent Fine Art Books

With two sets of parents begging for prints, we would like to help you out! These books will be a great way to let your parents choose images they want to have preserved in a modern and timeless book.

A complementary engagement session

This is a perfect way for us to get to know each other and for you to get used to having your picture taken. We will work hard to make our schedules work out for this session, we don't want you uncomfortable with the camera on your wedding day!

A personal wedding web site

This is a great way to get your guests involved and excited about your wedding day. We will include pictures from the engagement session, where you are registered, directions to the wedding venues, and a blog for your guests to say hello! Check one out at <http://www.chrismoonphotography.com/lauraandmike>

Up to 150 designed 5x7 signature thank you cards

Right after the wedding we will get about 8 - 15 images ready for you to choose from for your thank you cards. You will have a chance to pick some of your favorites and we will design your cards. We even include envelopes!

All the images from the wedding day and engagement session on DVD

Once your Flush Mount album is complete, your images on DVD will be included in the shipment along with your album. You will be given a form giving you shared copyrights to the images so you can print wherever and whenever you want!
